Diversity, technology, and innovation for operational competitiveness

An International Conference Organized by Faculty of Business Administration and Faculty of Industrial Engineering, the University of Kasetsart, Bangkok, Thailand

18-20 June 2009 The Westin Grande Sukhumvit, Bangkok, Thailand

Call for Papers

www.tiimconference.org

Conference Aims

The conference aims to promote exchanges, discussion, and dialogues on how to manage industrial operations and organizations in more innovative, effective, and productive manners. The roles of technology as well as an integration of human capital and organizational cultures will be underlined so that possible adaptations, learning, and improvement of research, practical examples, and excellent practices can be made. The sustainable development and continuous improvement as a result of technological applications and organizational innovation (i.e., products/ services, and processes management) will be the focal point.

Venue & Accommodation

The Westin Grande Sukhumvit, Bangkok (5 Stars Hotel)

Conference Subjects

Contribution from various areas of management are welcome, and scholars in other disciplines offering new perspectives on the Conference theme are encouraged to participate. Conference sessions will focus on variety of approaches to the Conference theme:
